Title: Feels Like Home

download from: <http://www.lyricsdisc.com>

---

It's too late to talk to you  
And it's too soon to say good-bye  
Listen where ever you may be  
You still live inside my mind

Something tells me that you are free again  
In a place that feels like home

It's never easy to understand  
Why memories hold our hand  
But people let go
