Title: Fight

download from: <http://www.lyricsdisc.com>

Cruising through town, slack-jawed tongue out
You're a moron
Turn on the radio. Afraido. Fire up that dim bulb
And let some coke fuck piss into your ear

Chorus: Hit'em with a left
Hit'em with a right
Hit'em with a left
Now fight fight fight (x2)

This is a white world and yeah it sucks
Sheep-fucking turd-kicking sow-sucking
Rednecks make me sick making hate babies
And worrying to death what I do with my dick

(Chorus)
