

i don't wanna go out with you tonight,  
i just wanna stay home and fight.  
nothing sounds more fun than what we do.  
can't imagine more fun with you.  
do i remember what fun you can be?  
no - it's been too long since you've had it with me.  
why would i want to have a good time?  
when we can stay home and not spend a dime?

it's always fun to be with you  
and never have anything to do.  
why go out when we can fight,  
it's what we're used to every night.
