Title: Fire

download from: <http://www.lyricsdisc.com>

One thousand in just one night
Creepin' beings - they just wanna fight

Fire - c'mon and set my fire

Barbarian people - burnin' books
Color for your look

Fire - c'mon and set my fire

Thirsty liver - powdered liberty
Decoration - disharmony

Give me all your children
Give me all your blood
C'mon and taste my freedom
And freedom will be good
