(Nits)

In a Swiss town by the lake
Fall down like a white snowflake
There's a fire in
A fire in my head
Roll on like a stone in a field
I've got a home but I've got no shield
There's a fire in
A fire in my head
Saint George and the Dragon fight
In a church by candlelight
There's a fire in
A fire in my head
All the birds in the waving tree
Look down and they sing for me
There's a fire in
A fire in my head
All the angels falling down
In the smoke above this town
There's a fire in
A fire in my head
