

verse 1:

so you're looking for answers,
and they're selling your choices
in the confort of your own tv
and the magazine covers,
they made you discover
beauty is all that you need

pre-chorus:

it's just a mean game
nothing but a mean game
nothing but lies
try to make you be things
tell you how to see things
why do you try

chorus:

if you're down on your money
down on your luck
if you get pushed over you can get
yourself back up
i said
down on respect
and down on belief
if you're sick of what they say
then come and follow me

ooh ooh, follow me
ooh, ooh, follow me

verse 2:

so you're man on a mission
who makes the decisions
to follow someone else's advice
cause deep down inside
you don't know what's
wrong from right
there's only so much
money can buy

repeat pre-chorus

repeat chorus

ooh ooh, follow me
ooh ooh, follow me
why don't you follow me down

repeat pre-chorus

repeat chorus (x2)

ooh ooh, follow me
ooh ooh, follow me
