Just talk yourself up and
tear yourself down

You ripped through one wall
now find your way around

So whats the problem
youve got a lot of nerve

whatd you think i would say
you cant run away
you cant run away

So whatd you think i would say
you cant run away
you cant run away
you wouldnt

I never wanted to say this
you never wanted to stay

I put my faith in you
so much faith
and then you just threw it away
just threw it away

Im not so naive
my sorry eyes can see

so when you flyin shy of almost everything

Well if you give up
you get what you deserve

Whatd you think i would say
you cant run away
you cant run away

So what did you think i would say
you cant run away
you cant run away
you wouldnt!

I never wanted to say this
you never wanted to stay

I put my faith in you
so much faith
and then just threw it away
just threw it away

You finished long before
we had even seen the start
why dont you stand up be a man about it
fight with your bare hands about it NOW

I never wanted to say this
you never wanted to stay well see you

I put my faith in you
so much faith
and then you just threw it away

I never wanted to say this
you never wanted to stay

I put my faith in you
so much faith
and then you just threw it away
