(Gary Barlow) - 4:53

From 'Open Road' album

Love it has so many beautiful faces

Sharing lives and sharing days

My love it had so many empty spaces

I'm sharing a memory now I hope that's how it stays

Now I'm deep inside love and still breathing

She is holding my heart in her hand

I'm the closest I've been to believing

This could be love forever

All throughout my life the reasons I've demanded

But how can I reason with the reason I'm a man

In a minute I'm needing to hold her

In an hour I'm cold, cold as stone

When she leaves it gets harder and harder to face life alone

Now my dreams are filled with times when we're together

Guess what I need from her is forever love
