

I can't keep dreamin'
All this pain I'm feeling
All i know is that your gone
but why is it taking me so long?
How can I move on?
Without your love I'm long gone
Turn back the hands of time
back to the day when you were mine
you and i were once together
oh I wish we'd stay forever
My heart can't live without you
Oh girl can we work it out ?

Chorus
'Cause I can't do this
I can't do that
Can't see the good in our goodbye yet
Even six months later and I still forgot
to forget about you
and I can't turn off
It still runs hot
Feeling the feelings I know I should not
You're my best ex-lover and I still forgot to forget about you

Remember the laughter
We shared with each other
Now it's like a broken heart attack
I'd give anything if you would take me back

Girl I'm so sorry
I didn't mean to hurt you
What I did I cannot explain
I don't know why I was playing games

You know we're once together
oh I wish we'd stay forever
My heart can't live without you
Oh girl can't we work it out

Chorus (2x)

All I wanna do is stop my life and hit rewind
All I wanna do is find you girl and make you mine
Like once upon a time
Not so long ago

I can't Forget,
you yet,
you know I can't do that
The feeling is still to real
Forget about you
I can't forget you yet
that's where my lonely heart's at
I can't see the good in goodbye forget about you
ohhhh

'Cause I can't do this
I can't do that
Can't see the good in our goodbye yet
Even six months later and I still forgot to forget about you
and I can't turn off
It still runs hot
Feeling the feelings I know I should not
You're my best ex-lover and I still forgot to forget about you.
