

I've been walking around all day, thinking  
I think i have a problem, I think I think too much  
I've been taught to hold back my tears and avoid them  
but you've made pain into something I could touch

I've been walking around all day, laughing  
Think I'd be better off without you here  
And I bet you are sweet and hard to get over  
So I'll cry and people will stop and stare  
now thats ok, let them stop and stare...

coz I am fragile  
I am hopeless  
I'm not perfect  
but I am free...

I've been walking around all day, waiting  
and waiting is all I seem to do  
'cause I never get it unless I'm fed it  
but this time I'll just have to  
yeah this time I'll just have to...

Say you're not around... am I finished?  
If you're not around that's too bad  
Hope you're safe and sound, not alone now  
'cause you know I believe in you...
