Title: Free your mind

download from: <http://www.lyricsdisc.com>

Can you feel it?
Free your mind.
I'm going to tell you why you are here.
You are here because you know something.
And what you know you can't explain.
Can you feel it?
You felt it. you're entire life.
Like darkness in your mind.
Driving you ***
It is ***
It is broaching to me.
Do you know what I am talking about?
Can you feel it?
Can you feel it?
Free your mind.
It flows to us.
It surrounds us.
It is everywhere.
It's the force and it is stronger than you.
Can you feel it?
Free your mind.
Free your mind.
