

Well I'm sick and tired and I am totally wired
Why don't they just leave me alone
Just 'cause the length of my hair and the clothes that I wear
And the things that I do don't conform

Everyone's got an opinion but I don't need no advice
Seems they're mindin' everybody's business but their own
Well I do things my own way and I ain't afraid to say

Chorus:

Get a life
I've got better things to do than to mess around with you
Go out and get your own life
Get a life

I'm always walking the line when I ain't done no crime
I get hassled for no reason at all
See I've got my own plan tryin' to be my own man
Still they don't understand what went wrong

Everyone's got an opinion but I don't need no advice
Seems they're mindin' everybody's business but their own
Well I do things my own way and I ain't afraid to say

Chorus

So here's a word to the wise, you've gotta realize
You're no better than anyone else
Before you criticize you'd better open you eyes
And take a good look at yourself

Chorus

Get a life
You've picked the wrong one to harass why don't
You stick it up your ass, go out and get your own life
