No regrets from the outside  
Or safe bets to make  
A package with a new name  
A safe bet on the side

You tell me I don't belong

The truth might be wrong  
You pretend I don't exist  
Well pretend you don't hear this

I've got a bomb in my backpack

I've got a shoebox full of snakes  
Checks in the mail  
Yeah fuck you, fuck you  
Checks in the mail  
Fuck you

You tell me I don't belong

The truth might be wrong  
You pretend I don't exist  
Well pretend you don't hear this

I've got a bomb in my backpack

I've got a shoebox full of snakes  
Checks in the mail  
Yeah fuck you, fuck you  
Checks in the mail  
Fuck you
