Looking at a place that's gone  
Boarded up my memories  
But something's drawn me here again and I  
I cannot leave the past alone  
Hoped that I would never find  
All the shit I left behind  
Now I find the child in me is going to remind me that I  
I can't forget my past for long/so take a look outside yourself  
And tell me what you see  
I can't believe  
That you won't see the change in me  
Give me strength to find the road that's lost in me  
Give me time to heal and build myself a dream  
Give me eyes to see the world surrounding me  
Give me strength to be only me  
I don't want to hear the things  
You say you know all you've redeemed  
'Cause I can't change what's come before  
Build myself some better dreams  
And cast off the fear that holds me here  
So take a look outside yourself  
And tell me what you see  
I can't believe  
That you won't see the change in me  
Give me strength to find the road that's lost in me  
Give me time to heal and build myself a dream  
Give me eyes to see the world surrounding me  
Give me strength to be only me
