

When life is getting to me  
I'm sad and gloomy  
All I have to do is play some rock'n roll  
If I am down and fed up  
And there's no let up  
I can always cure it with some rock'n roll  
When I wanna party and I wanna have some fun  
Rock'n roll will always be my number one

My worries take a back seat  
When I hear back beat  
Ev'rytime I listen to some rock'n roll  
The more I have the sound up  
The less I'm wound up  
Nothing else can do it only rock'n roll  
When I wanna party and I wanna have some fun  
Rock'n roll will always be my number one

Rock'n roll ... rock'n roll  
Hands up ev'rybody  
Hands up for rock'n roll

Rock'n roll ... rock'n roll  
Hands up ev'rybody  
Hands up for rock'n roll

Come on let's get together  
And rock forever  
Can you feel the rhythm in your heart and soul  
Turn up the amplifier  
We need it higher  
Ev'rybody wants to dance to rock'n roll  
We are gonna party we are gonna have some fun  
Rock'n roll will always be our number one

Rock'n roll ... rock'n roll  
Hands up ev'rybody  
Hands up for rock'n roll

Rock'n roll ... rock'n roll  
Hands up ev'rybody  
Hands up for rock'n roll

Rock'n roll ... rock'n roll  
Hands up ev'rybody  
Hands up for rock'n roll

Rock'n roll ... rock'n roll  
Hands up ev'rybody  
Hands up for rock'n roll

Rock'n roll ... rock'n roll  
Hands up ev'rybody  
Hands up for rock'n roll

Rock'n roll ... rock'n roll  
Hands up ev'rybody  
Hands up for rock'n roll
