---

i hate your way  
i dont care what you say  
i hate your way  
i dont care.. and im only half there so i dont care

Chorus: they can cut me down, til im the talk of the town im a fool for you  
had to sell my soul, but you were so rock and roll im a fool for you

i hate your way  
a little more every day  
i hate your way  
a little more... and i could leave but what for a little more

Repeat Chorus:they can cut me down, til im the talk of the town im a fool for you had to sell my soul, but you were so rock and roll im a fool for you

and its wicked to be so stupid  
man its stupid to be so dumb  
im getting crooked i can feel it  
i can feel it in my bones

Repeat Chorus: they can cut me down, til im the talk of the town im a fool for you had to sell my soul, but you were so rock and roll im a fool for you
