Have you seen her face
her eyes reflect the colors in the sky
A warm familiar place to be swept into
whenever she's close by
makes me wonder why

Run by, don't turn back
Can't hide from the look in her eye

Must be the way she walks
A style made up to capture all she needs
No time to spend on this talk
If your luck runs right she might see you tonight
Everything in sight

Run by, don't turn back
Can't hide from the look in her eye

Run by, don't turn back
Can't hide from that look in her eye

You'll find you're locked in her spell
All the sights and sounds your senses will be found
And only time will tell
how much love can be to wait so patiently
Wait and see
Run by, don't turn back
Can't hide from that look in her eye
