

The air is warm
I hear the wind in the trees
I know I'm there but I'll never be
The wind is soft tonight, the tide is low
And I know the way
- I never felt better now -
Sometimes life, it moves too slow
Slows to a crawl, and all the poetry is lost
And without speed, hope becomes certainty
And for once I'm certain
- I never felt better now -
A garden is it's own perfect world
Where everything has a place
Every leaf, every stone, every speck of dirt
But where's my place?
- I never felt better now -
I even tried to get arrested today
But everyone looked the other way
I count the hours, and I count the days
And for once I'm certain
- I never felt better now -
Don't want your help
Don't need your help
Don't want your help
Don't need your help
Helpless, helpless, helpless, helpless
(Helpless) You found a way to make me say: "help me please someone"
(Helpless) You found a way to make me say: "help me please someone"
The waters clean, I see that is full of dimes
For every wish I wonder why
Why all I want is something beautiful
A place to rest
- I never felt better now -
- I never felt better now -
Don't want your help
Don't need your help
Don't want your help
Don't need your help
Helpless, helpless, helpless, helpless
(Helpless) You found a way to make me say: "help me please someone"
(Helpless) You found a way to make me say: "help me please someone"
