

I don&acute;t want your herpes two  
I don&acute;t want your herpes two  
And if you give me your herpes two  
Bitch, I&acute;m gonna kill you  
She went to the store to buy some slurpers  
Two weeks later she came home with herpes  
I just do no more than spank her  
On her twat she&acute;s got a herpes chancre  
She hangs out with a colony of whores  
Now she&acute;s hosting a colony of scores  
I&acute;m gonna give this bitch slaps  
She has sores on her piss flaps  
One thing that is very certain  
She&acute;s got sores on her beef curtain  
The sores are spreading down her legs  
They look like some scrambled eggs  
She&acute;s got pus running down to her knees  
You know she&acute;s packed another disease  
She thinks every sex nookle is handy  
The sores are doing a yanky-doodle-dandy  
I don&acute;t want your herpes two  
(I don&acute;t want it either!)  
Bitch you belong in a zoo  
And if you give me your herpes two  
Slut, I&acute;m gonna kill you  
She now has herpes, she&acute;s got hte most  
I don&acute;t want your herpes two  
Bitch, you belong in a zoo  
If you give me herpes two  
Swear I&acute;m gonna kill you  
For all the sleazy guys she&acute;s grossed  
She is now the local herpes host  
I don&acute;t want to get no disease  
She&acute;s packing the herpes  
Herpes two, slut, you belong in the zoo  
And if you give me herpes two  
I&acute;m gonna kill you  
The smell is getting very sour  
The infection is growing by the hour  
And I don&acute;t want no funky disease  
Like your junkie disease  
I don&acute;t want your herpes two  
I&acute;m gonna have to kill you  
And if you give me your herpes two  
I&acute;ll cut you with a pair of rusty scissors too
