

Hey, you do it all the time
Hey, you do it all
So take a breath, I know you're feeling jaded
Talking about the time that you left me
Naked and face down in the hotel hallway
Dallas, Texas, 3 a.m.

But I know the telephone would ring
And you'd say all those beautiful things
Oh how you do it all the time
How you get me on the line
Your explanation

Hey, you do it all the time
Hey, you do it all

And when the drugs wear off
You find you're not so tough
You think that you're so special
That you're high above the rest

But I know the telephone would ring
And you'd say all those beautiful things
Oh how you do it all the time
How you get me on the line
Your explanation

Hey, you do it all the time
Hey, you do it all

And now I know I've got the right idea
No one is ever changing me again you see
In any little way
It's so amazing how the years
Seem shorter now I know
It's not what I'm used to today
(repeat again after solo)

Hey, you do it all the time
Hey, you do it all

Come on now you do it all the time
You know that you do it all the time
Come on how you do it all the time
