

Tonight  
everything but me  
taken out to sea  
all gone

I wish  
Written in the sand  
washed away tomorrow  
This time  
look what I've become  
Didn't run, run from what you've done  
didn't hide behind the sun  
And I wanted everything  
thought that you could bring me  
daylight

A dream, burning in the sky  
leaves my spirits dry  
And you lied  
now look what I've become  
Didn't run  
run from what you've done  
Didn't hide behind the sun

Couldn't run, lost in what you've done  
look what I've become

This time  
look what I've become  
Didn't run, run from what you've done  
Didn't hide behind the sun  
Couldn't run, lost in what you've done  
Look what I've become
