Title: Hope

download from: <http://www.lyricsdisc.com>

Even Then I try to look the problem in the eyes
There's no hope for me in sight

Stagnant though I am there's a spark
which keeps me moving on
Yet - there's no hope for me in sight

It's alright - 'cos I know I will win this fight

Me decline
this is what I've come to
Wasted time
Living day by day
My decline
Lost my zeal and inner strength
Wasted time
Now it's time to pay

Never set my goals
and my gears are all stuck in reverse
There's no hope for me in sight

Life has passed me by
and the dreams seem unattainable
There's no hope for me in sight

It's alright - 'cos I know I will win this fight

My decline ...

Even Then I try to look the problem in the eyes
There's no hope for me in sight

There's no hope for me in sight
There's no hope for me in sight

My decline ...

There's no hope for me in sight
There's no hope for me in sight
