---

I can't wait  
I can't wait untill tonight when we can be alone  
I'm gonna make it feel so right can't want to turn you on  
Oh Oh  
I can't wait untill tonight when we can be alone  
I'm gonna make it feel so right can't want to turn you on

See me walking in yes I'd be turning heads  
Smelling so super sweet and making my way to dance  
I see you over there in the corner standing down  
Boy get outta of your chair and follow me to the crowd

Oh Oh Oh
