

there once was a time  
i thought i knew  
where i stood with you  
we were young  
you were just a friend  
but that all had to end  
suddenly you were this girl  
that i didn't know  
and i was a boy in love  
and something inside me  
kept me from telling you  
that i could be the one

and i know  
it will be hard  
just take my hand  
and i will show you  
so come on  
give me a chance  
cause i could be the one

now it seems as if  
we're all getting stuck here  
without a care in the world  
where did that young  
boy go now?  
where is that little girl?  
inside me i trust it  
not knowing the way to feel  
and i dont even know why  
and so i find myself  
shying away tonight  
you said you wanted more

and i know  
it will be hard  
just take my hand  
and i will show you  
so come on  
give me a chance  
cause i could be the one

and i know  
it will be hard  
just take my hand  
and i will show you  
so come on  
give me a chance  
cause i could be the one

i could be the one  
i could be the one  
i could be the one  
yes, i could be the one
