

I hate the treadmill everyday
I hate the mundane things they say
The boredom sets in nine to five
At night that's when I come alive
I long to be connected
I long to be effected
The bright lights beckoning,
Beckoning to you

I like it when we go to extremes,
I like it when you enter my dreams
I like it when I feel your touch
I like it... I like it so much
I like it when we're one on one
I like it when we come undone
I like it when we go to extremes,
You let me, let me live my dreams
I like it so much

There must be more to life than this
This life you surely will not miss
To spend my time waiting in line
Search for something, a brand new time
I long to be connected,
I long to be effected
The bright lights beckoning,
Beckoning to you

I like it when we go to extremes,
I like it when you enter my dreams
I like it when I feel your touch
I like it... I like it so much
I like it when we're one on one
I like it when we come undone
I like it when we go to extremes,
You let me, let me live my dreams
I like it so much

I long to be connected,
I long to be effected
The bright lights beckoning,
Beckoning to you

I like it when we go to extremes,
I like it when you enter my dreams
I like it when I feel your touch
I like it... I like it so much
I like it when we're one on one
I like it when we come undone
I like it when we go to extremes,
You let me, let me live my dreams
I like it so much

I like it when we go to extremes,
I like it when you enter my dreams
I like it when I feel your touch
I like it... I like it so much
I like it when we're one on one
I like it when we come undone
I like it when we go to extremes,
You let me, let me live my dreams
I like it so much
