

I guess I'm lucky  
It's in my blood I've got you and us two  
That's what I'm thinking of  
So you're moving into my place  
That's a 24 hour taste  
That's no ocean that's a case  
This feeling I sure can't erase

I know it sounds old  
But I love you  
I love you

So we seem a little young we have fun  
We're friends we're lovers  
Who cares about those others  
Already got fathers and mothers  
Two can be a crew got plenty to do something to see  
Look in my eyes baby  
Believe me

I know it sounds old  
But I love you I love you  
I love you

Your pops don't like me  
Your moms sure does  
She's seen the looks that I give you  
Seen them enough  
To know this ain't no phase  
Or some part time craze  
It's a love affair that lasts during the weekdays

I know it sounds old  
But I love you I love you  
I love you

I believe in luck and money  
I've got ten bucks and a honey  
I know I'm lucky  
Just look at you and me  
Move on in move on in  
That ain't no sin  
It ain't gonna be a sin  
When we turn the lights to dim

I know it sounds old  
But I love you I love you  
I love you
