

Ooh, it must be magic
How inside your eyes, I see my destiny
And every time we kiss, I feel you
Breathe your love so deep inside of me
If the moon and stars should fall
They'd be easy to replace
I would lift you up to heaven
And you would take their place

(Chorus): And I saw red when I opened up the door
I saw red, my heart just spilled onto the floor
And I didn't need to see his face...
Cause I saw yours
I saw red and then I closed the door
And I don't think I'm gonna love you anymore

And every day I wake up
I thank God that you are still a part of me
We've opened up the door to it
So many people never find the key
And if the sun should ever fail to send its light
We would burn a thousand candles
And make everything alright

Chorus

I've been hurt, I've been blind
I'm not sure that I'll be fine
I never thought it would end this way

Cause I saw red when I opened up the door
I saw red, my heart just spilled onto the floor
And I didn't need to see his face
Oh, I saw yours
I saw red and then I closed the door
And I don't think I'm gonna love you anymore...

Yeah... ooh, it must be magic...
