

VERSE 1

On this day, I'm walking a fine line
Imagining my minds fine, ok
Tougher than nylon
Safe as a house on the way

CHORUS 1

My little darling
Don't you cry, it makes you look older
C'mon now hey, don't you be down
I want you around
I want you around
I want you aroooooouunnnnddd

VERSE 2

Here's my plan, I'm losing the halo
It's time to lay low man, some plan
Come the high water
I'll be your drowning man

CHORUS 2

My little darling
Don't you cry, it makes you look older
C'mon now hey, don't you be down
I want you around
I want you around
I want you aroooooouunnnnddd
I want you around
I want you aroooooouunnnnddd

BRIDGE

While I'm doing battle with myself and me
I'm doing battle with gravity
and I can't face myself alone
I can't bear to be alone with me

Hey don't you be down
I want you around
I want you around
I want you aroooooouunnnnddd
