Title: If i could fly

download from: <http://www.lyricsdisc.com>

I have been falling
Falling backwards
in slow motion
Going down Die
Nothing is changing
But the distance to the sun
I have been trying Happy
Such a long time
To get my feet back to the ground If
I lost my gravity
Is this how life should be

IF I COULD FLY Could
I'D LEAVE EVERY BURDEN BEHIND
I WOULD

IF I COULD FLY Fly
THE WAY TO THE STARS
I'D FOLLOW THEM ONE BY ONE Songtexte

I haven been falling
Through the silence
Always deeper underground
I'm asking questions Songtext
But the answers are so clear
And I know...
I lost my gravity Lyrics
Is this how life should be

I'm not who I used to be Lyric
I'm fighting the enemy in me
It seems to be stronger Liedertexte
But not any longer
Is there anyone out there who could teach me how to fly?
