Life is good, I cant complain
I mean I could but no one's listening
You're image over welms my brain
And it feels good, good, good
While I'm rolling my window down
I love the wind but I hate the sound
You're like a tattoo that I cant remove
And it feels good, it feels good

Chorus:

Like a roller coaster ride
holding on
Whoa Whoa(cant belive I'm like) Whoa Whoa
Up and down and side to side
Every inch of me is like Whoa Whoa(got the feelig like) Whoa Whoa

In the moring it begins again
I think im running out of oxygen
It feels good, it feels good

Chorus:

Like a roller coaster ride
holding on
Whoa Whoa(cant belive I'm like) Whoa Whoa
Up and down and side to side
Every inch of me is like Whoa Whoa(got the feelig like) Whoa Whoa

It Feels Good, It feel good!!!

Chorus:

Like a roller coaster ride
holding on
Whoa Whoa(cant belive I'm like) Whoa Whoa
Up and down and side to side
Every inch of me is like Whoa Whoa(got the feelig like) Whoa Whoa
