---

Well, i woke up one moring with a note beside my bed said..."i'm gone for good, you're no longer the best" never dreamed there'd ever be another me for you so i just went crazy th  
I'm still crazy but,  
I'm not over you.....  
I used to be crazy over you nobody else could move me like you used to had to be out of my mind to think that i'd soon be over you i'm still crazy but,  
I'm not over you
