---

The temperature is rising  
The heat is on  
There is a fire down under  
Comin' on strong

I can taste your summer hunger  
Love is in the air  
All you've got to do is say my name  
And I'll be there

Baby I'm your lover  
Baby I'm your man  
Baby I'm your lover  
Baby I'm your man

I'm gonna take you higher  
I'll take you there tonight  
You're on the way to heaven in my arms  
So hold on tight

Forever forever baby  
Forever forever baby

Baby I'm your lover  
Baby I'm your man  
Baby I'm your lover  
Baby I'm your man
