Title: In the dark

download from: <http://www.lyricsdisc.com>

Lie down here there's things i'm feeling
lie down here let me see you
sorrow comes and sorrow heals you
wonder how you are
wonder how you are

in the dark
in the dark

lie down here the things are changing
across the land and where you are
fire torn and fire frees you
wonder how you are
i wonder how you are

in the dark ...

lie down here there's things i'm feeling
across the land and where you are
sorrow comes and sorrow heals you
wonder how you are
wonder how you are

in the dark ...

in another world
you passed over
