Title: In The Morning

download from: <http://www.lyricsdisc.com>

Sometimes I watch you while you're sleeping
So amazed at how pretty you are
I wonder what it is you're dreaming sometimes
Where your mind goes, and just how far

Is it me?
That makes your smile when dreaming
Or could it be
The other man you're seeing

I guess ill ask u in the morning
Right before I pack my things and walk right out the door
I guess ill ask you in the morning]
Ill pretend we're still in love tonight
Cos we wont be any more

Any more
Any more

Oooooooooo

Wish I could see inside your mind
So I could find out where we went wrong
Because your happiness was my sunshine
I should have known that the rain was sure to come

Ooo

Is it me?
That makes you smile when dreaming
Or could it be
The other man you're seeing
Oooo

I guess ill ask you in the morning
Right before I pack my things
And walk right out the door
I guess I'll ask you in the morning
Pretend we're still in love tonight
Cos we wont be any more

Any more
