

Mercedes benz
And combat boots
Junk food
In brand new alligator shoes

Here comes baby jet
In her brand new red-hot pink humvee
Full of party girls with damaged lives
And tangled destinies
Well this must be my favourite chorus
I find your manners more important
Than your morals

All this and more you see
You mean so much to me
But do i love you?

Indeedido
Cops and robbers
Tough guy pimps
And bad girl boxers
White trash lesbo psycho bikes
Lipstick tricks and diesel dykes
Check it out, without a doubt
I look into your eyes and dream
Of all of these my favourite things...
