Title: Innocence is lost

download from: <http://www.lyricsdisc.com>

Innocence is lost with you
Kaleidoscopic crystal view
Innocence is left behind
Left forever in my mind
Weather wise it's a lovely day
Everybody's got so much to say
Stay a while, try to force a smile
I'm hoping that I'm changing

I've never had to look away
Never found it hard to stay
Something's gone that's been here so long
I'm hoping I must be dreaming

Innocence is lost with you
Kaleidoscopic crystal view
Innocence is left behind
Left forever in my mind

Innocence is lost with you, with you

Weather wise it's a lovely day
Everybody has so much to say
Can I describe how you kept me alive
When you're with me, when I'm dreaming

Innocence is lost with you
Kaleidoscopic crystal view
Innocence is lost with you
Innocence is lost - left forever in my mind

Innocence is lost with you
Kaleidoscopic crystal view
Innocence is lost with you
Innocence is lost - left forever in my mind

With you

Innocence is lost with you, with you
Innocence is lost with you, with you
