Title: Into my brain

download from: <http://www.lyricsdisc.com>

Join me in my dreams
my trip to fantasy
Join me in my dreams
my trip to fantasy
im flooding on the waves...
all is quiet and peacefull...
as i?ll open my eyes i?ll see i moonbow it?s colour, moving and changing and
rotating like a ?calesidose?...
i?ll look around but there?s no one there...
im still looking at the moonbow, it?s brightness thinking my body, sending me
signals... reaching into my brain
