Title: Is it raining at your house

download from: <http://www.lyricsdisc.com>

Is it raining at your house Like it's raining at mine Do you miss me like
I miss you Is it cloudy all the time Do you tremble when the phone rings And do you think
I'm on the line Is it raining at your house Like it's raining at mine Does it thunder and lightning Even when the sun shines Is it raining at your house Like its raining at mine Is it raining
I know your scared I just called to console you Like any old friend would do Is it raining at your house Like it's raining at mine
