Title: It's the things you do

download from: <http://www.lyricsdisc.com>

It's the things you do
That have made me fall
So in love with you
You can have it all
What else can I do
Nothing left to prove
It's the things you do

You touched my love line so deep inside I
Never thought I'd feel so good
Oh no need to hide now
Open up your mind now
Let me make it understood because

REFRAIN:

Nobody ever said to me
All of the things we shared within
Now that I know that you can see
Let me fill you up

CHORUS

You and me baby like the ABC K-I-S-S-I-N-G
Could it be unity I need like J Hoffa
Romance your body work it out - MM proper
One of the finest things on my mind is
Now you make me feel like gold your queen midas
Straight A plus the material I bust
It's the things that you do
Keep me up and it's a must

REFRAIN: CHORUS (2x)

Give me a chance and let me in
There's no need to hide what's there within
Now that I know that you can see
Let me fill you up
You got that midas touch
I love you more than enough
For all the things that you do
It's the things you do

CHORUS
