---

So I've got a thing for you  
And I think you know it, too  
Said I've got a thing for you  
Baby you know I want you so  
You are my need, for you I've got a thing

Every day you're on your way to see her  
And every time she breaks your heart with her words  
So she don't understand you (understand you like I do)  
And she'll never know just what I feel for you

Every day you're on your way to see him  
And every time he breaks your heart with his words  
So he don't understand you (understand you like I do)  
And he'll never know just what I feel for you

So I've got a thing for you  
And I think you know it, too  
Said I've got a thing for you  
Baby you know I want you so  
You are my need, for you I've got a thing

Always telling me you found your only  
For that special girl, your one and only  
Oh baby can't you see me (open up your eyes)  
You never have to worry, my love is for all times

So I've got a thing for you  
And I think you know it, too  
Said I've got a thing for you  
Baby you know I want you so  
You are my need, for you I've got a thing

Picture you and I alone with no one else  
Finally I have you all to myself  
Then you know what happiness my love can bring  
For that moment I've just got a thing

Yine tek basima karanlikda otururken  
Seni hatirliyorum saat daha erken  
Hayallara dalip cikip askina yaniyorum  
Seni deliller gibi seviyournm  
Vakit geciyor hislerim derinlere giriyor  
Seni onula bildikce icim cok pis yaniyor  
Bilki seni ben den fazla seven kimse yok  
Onun icik baba gel ondan zaten hayi yok

So I've got a thing for you  
And I think you know it, too  
Said I've got a thing for you  
Baby you know I want you so  
You are my need, for you I've got a thing
