

I've got love on my mind
I've got love on my mind
And there's nothing particularly wrong
It's a feeling I feel inside

When I woke up early this morning
It was staring me straight in my eyes
I've got love on my mind
I've got love on my mind

When you touch me I can't resist
And you've touched me a thousand times
When I think of your tender kiss
Then and there I start to unwind
Just the way we are, I love it, love It's just the way it should be

Our love will stand tall as the trees
Our love will spread as wide as the sea
Our love will shine bright in the night
And will never die
And we'll always be together
Our love

My love is surely one thing
You can surely depend on
In times of darkness and fear
I go to you, I know you'll make me strong
You're going to make me happy You're gonna make me smile

Our love will stand tall as the trees Our love will spread as wide as the sea Our love will shine bright in the night And will never die And we'll always be together
Ah...

Love is soft, love is sweet
Love is nice, love is gentle
Love is joy, love is laughter in the rain
I've got love on my mind, love is always right on time

Love is you, love is me
Love is just my little baby
Our love, our love Baby, baby our love...
