

You've seen your future  
from your present state  
And filtered through your past,  
it may not look too great  
If you could have your future  
generate your now  
You'd probably sit back,  
relax, kick off your shoes  
And just allow

Like you got nuttin' to lose  
And just allow  
That's how you liberate your muse  
And just allow  
Like you got nuttin' to lose  
And just allow here and now  
Just allow  
Sweatless brow

Nextplore the things you never knew  
you didn't know  
Release your fears, they'll only  
serve to stop your flow  
No need to try hard  
You'll get there anyhow  
The hardest thing maybe is stop trying  
And just allow

Like you got nuttin' to lose  
And just allow  
Why row your boat  
when you can cruise  
And just allow  
Like you got nuttin' to lose  
And just allow here and now  
Just allow

The universe is on my side  
It nurtures all maternally  
Whether or not there's a heaven or hell  
To burn our souls infernally  
When the unversal elements agree  
Existence thrives eternally  
True destiny just come to be  
Can't be controlled externally  
Just allow

It's not a state of inactivity  
It's more like life, in onto livability  
There are no herdsman  
You aren't sheep or cows  
You'll find your interstellar  
If you just allow

Like you got nuttin' to lose  
And just allow  
No introductions to confuse  
And just allow  
Like you got nuttin' to lose  
And just allow here and now  
Just allow
