

(Are you ready)  
Falling in love, it was easy for me and for you oh  
Somehow things got rough  
Now we can't figure out what to do  
I can't go on like this, our love was suppose to last forever oh  
Why do we go through this  
'Cause you know when it's good  
There's nothing else better  
(Are you ready)

Let's just kiss and make up  
I don't wanna fight  
Let's get together and  
Make everything alright  
Let's kiss and make up  
I need you tonight  
Let's get together, ooh let's get together

I know there's been lies  
Yes we've broken our vows to be true, babe  
Let's put the past behind  
Don't you wanna start our love anew, oh yeah  
I miss your tender lips  
Just one touch gave me so much pleasure  
You know your lovin' is so intense  
Say that you'll leave me never  
Never never never never  
(Are you ready)

Let's just kiss and make up  
I don't wanna fight  
Let's get together and  
Make everything alright  
Let's kiss and make up  
I need you tonight  
Let's get together, ooh let's get together

I can't go on like this  
Our love was supposed to last forever  
Why do we go through this  
'Cause you know when it's good  
There's nothing else better  
(Are you ready)

Let's just kiss and make up  
I don't wanna fight  
Let's get together and  
Make everything alright  
Let's kiss and make up  
I need you tonight  
Let's get together, ooh let's get together

Let's just kiss and make up  
I don't wanna fight  
Let's get together and  
Make everything alright  
Let's kiss and make up  
I need you tonight  
Let's get together, ooh let's get together

Let's just, let's just, let's kiss and make up  
Let's just, let's just, let's just  
Let's just, let's just, let's kiss and make up  
Let's just, let's just, let's get together

AD LIB TO FADE
