---

He doesn't know what he's gonna say,  
Put in the unit to deplete Ozone Layers,  
Unemployment is my scene,  
Brain dead - the fumes I breath,  
Put in the unit to deplete Ozone Layers,  
Carp fucking sucks,  
Too dumb to care,  
The S.B-Goleta connection,  
Feelin' like a champion,  
All aboard the lagwagon,  
It's fast enough for me,  
Slow,  
Me,  
And,  
My,  
Friends,  
On the Couch,  
Give me a sofa, and some snacks  
The idiot box-that T.V trash  
The V.C.R, some stupid films,  
The remote control,  
Fuck the bills,  
There's no point in a job,  
The pay just sucks if you're a slob,  
I'm not lying,  
I'm lazy,  
And all my friends are just like me,

Garga jibs and metal riffs  
Beer bong and bong hits  
I fucking hate that scene  
Santa Barbara boredom  
Goleta-postmortem  
Small town minds,  
Can you relate to me?  
All aboard the lag wagon (repeat 9 times)  
Laggin!  
Can you please slow down, please?  
Stop!  
Can you please slow this thing down, please?  
Stop!  
Can you please slow this down?  
Stop!
