Title: Last Call

download from: <http://www.lyricsdisc.com>

Hello, grab your bag and let's go. (lets go)
More out of place than anything you know.
Like an opera at a disco. (disco)
When all you wanted was a rock show(rock show)...tonight.
These lights, are they hanging in a distance? (distance)
Did they glimmer for an instant?
When they're shining do you feel alright?
Know love, you were looking good tonight....tonight

This is the last call. ohh whoa oh
Too long to list it.
Please don't you miss it.
(ahhh,ahhh, ahh ahh)
Don't give up and let them hold you down
And when they tell you oh whoa ohh.
We could burn this town.

Scream, waking from a bad dream. (bad dream)
Don't think anything is what it seems.
Can't you figure out what this means? (this means)
Don't sit back and keep your hands clean(hands clean)...today.
We'll say maybe we can find a new way.
Or create another great, cliché.
Storms are coming, why don't we play? (we play)
Instead of sitting, dancing in the rain....today.

This is the last call. ohh whoa oh
Too long to list it.
Please don't you miss it.
(ahhh,ahhh, ahhh, ahhh)
Don't give up and let them hold you down
And when they tell you oh whoa ohh.
We could burn this town.

So long, they tried to tell you that you don't belong.
So, I guess we'll have to prove them wrong. (prove them wrong)
Pretty soon we'll hear them sing a long. (sing along)
Ain't it funny that it's our song?(our song)... So.. long.

This is the last call. ohh whoa oh
Too long to list it.
Please don't you miss it.
(ahhh,ahhh, ahhh, ahhh)
Don't give up and let them hold you down
And when they tell you oh whoa ohh.
We could burn this town.
