[Lead In]

Can I talk to you for a second  
I just have a few things I wanna tell you  
Don't be nervous

[Verse 1]

When it comes to you I wouldn't change a thing  
I wouldn't even change the things I could change  
Cause baby your perfect, perfect to me  
Simply means that you are perfect for me  
Your the answer to a prayer I haven't prayed  
Gotta me ready to settle down  
I think I wanna say, I'm falling in love with you  
I'm so feeling all of this  
Baby I'm praying that your.....

[Chorus]

My last first kiss  
Baby want you be my last time kissing somebody  
For the very first time  
All my ladies say la la la la  
Our first time making love  
Baby I pray that this is the last time that I  
Make love to for the very first time  
My ladies say la la la la

[Verse 2]

Feel what I'm saying I hope that your the last  
Somebody to take me home to meet his mom and dad  
I hope that it's the last first  
Time I say I love you  
Hope that it's the last first  
Time you say you love me too  
Don't wanna ever kiss and say goodbye  
If you just wanna kick it  
Then your wasting my time  
Cause my plan is to not just have a hit and quit  
My plan is to make you.....

[Chorus]

My last first kiss  
Baby want you be my last time kissing somebody  
For the very first time  
All my ladies say la la la la  
Our first time making love  
Baby I pray that this is the last time that I  
Make love to for the very first time  
All my ladies say la la la la

[Bridge]

The first time I kissed you  
I just knew it felt right  
Then when I'm with you, I'm walking cloud nine  
Just being with you makes my whole life shine  
Whenever I'm with you, whenever I kiss you  
The first time I kissed you  
I just knew it felt right  
Then when I'm with you, I'm walking cloud nine  
Just being with you makes my whole life shine  
Whenever I'm with you.....

[Repeat Chorus 3 times]
