

Don't try selling me your heartbreak  
Cause I can't take another sales pitch  
You don't want to be the last one  
Who's no fun  
The one that's always left behind  
I know it's hard  
To see clearly all of the time  
So go do what you want  
And i'll try hard to be more understanding

But I don't want to live like that  
Under your thumb, behind your back  
I just want to be there to see the last laugh

I'll try killing you with kindness  
Forget the mindless things I might have said  
And I won't try to catch you or stop you  
From doing what you think is right  
I'll look the other way  
And maybe I was wrong this one time  
It's got to be hard  
When the rest of the world's gone crazy around you

But I don't want to live like that  
Under your thumb, behind your back  
I just want to be there to see the last laugh

Back and forth you swing  
From routine to obscene  
And I know that you're just like me  
And that's exactly what I like about you  
I guess I'm probably insane too  
By four is what I'd use to smack you upside your head  
Cause you drive me crazy

So don't keep singing me your sad song  
Its been so long  
Since I've gotten through and  
I'm not gonna be the last one who's no fun,  
The one that's always left behind  
Don't get me wrong  
When I don't tell you what you want to hear  
And go do what you want  
And i'll try hard to be more understanding

But I don't want to live like that  
Under your thumb, behind your back  
I just want to be there to see the last laugh
