Can you read my mind  
Can you read my mind  
Can you see my world  
Can you come and tear it all apart

I can't leave you there  
I can't leave you there  
Leave you in my mind  
I can't leave you there

Can you see the stars  
Can you see your face up in the sky  
Can you play tonight  
Can you come and make wrong what is right

I can't leave you there  
I can't leave you there  
Leave you in my mind  
I can't leave you there
