

I can't get up the nerve to call you  
But I want to call so bad  
To find out, who's holding on to  
The most beautiful thing I ever had

Babe I guess I never really took the time  
To show how much I care  
CHORUS  
Let it rain (rain)  
Let it rain down on me  
Hide these tears I'm crying  
So no one can see  
That I'm still not over you  
But if you're over me  
Let it rain (rain)  
Let it rain down on me

We used to lay together like spoons  
It was the only way I could sleep  
And this pillow is a poor substitute  
For your body next to me

I reach to pull you closer  
And remember you're not there

CHORUS  
The rain is not so bad after all  
It camouflages every tear that falls  
It cleanses me of all the blame  
I've put upon myself  
I hear your married now  
Well I hope he treats you well  
Oh let it rain

CHORUS

I can't get up the nerve to call you
