Title: Live it up

---

How can you see looking through those tears  
Don't you know you're worth your weight in gold?  
I can't believe that you're alone in here  
Let me warm your hands against the cold

A close encounter with a hard-hearted man  
who never gave half of what he got  
has made you wish that you were never born  
That's a shame, cause you got the lot!

Hey there, you with the sad face  
come up to my place  
and live it up  
You beside the dance floor  
What do you cry for  
let's live it up

If you smiled, the walls would fall down  
on all the people in this pick-up joint  
But if you laughed, you'd level this town  
hey, lonely girl, that's just the point

Hey there...

Just answer me the question why  
you stand alone by the phone in the corner  
and cry  
hey baby
